**Subject:** RE: Agency Document Productions

Trevor,

We would like to make ODAFF a top priority. However, if you have started the review of documents at Tourism and we can complete that review in the next two weeks, then by all means to keep things moving, we can go to Tourism next.

I am confused by your response with respect to your representation of other agencies. I have inserted my e-mail from Friday below. From the hearing on April 27, 2007, we understood that the only question as to representation involved County Health Departments. Are you advising that you will let me know as to the representation of County Health Departments and Oklahoma Geological Survey and Oklahoma Biological Survey this week? Please clarify immediately as we are moving forward with our preparations based on your representations to the Court on April 27, 2007 that counsel represents the entire Executive Branch.

Theresa

*Friday's E-mail:*

Trevor,

Please provide dates for the document productions for the following agencies:

- 1) Oklahoma Department of Agriculture, Food and Forestry;
- 2) Oklahoma Department of Tourism; and
- 3) Oklahoma Department of Wildlife Conservation.

We request that we move ODAFF to the top of the list in priority. We remain willing to discuss with you supplementation of records previously provided and additional records at ODAFF.

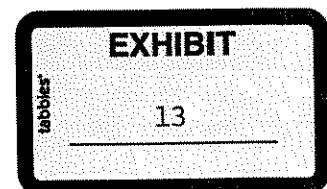

Some of the agencies where we have already reviewed documents indicated that there were also documents maintained at local offices. We expect that we will need to visit the local offices. We will advise which local offices that we would like to visit.

For purposes of future planning, there are additional agencies that we have identified that we will want to visit, including the Department of Health, Department of Mines, and Oklahoma Corporation Commission. We are preparing formal requests to these agencies with the understanding that you represent these agencies. However, we understand that you still are not clear on the representation of county health departments. We are prepared to move forward with requests to county health departments. Please confirm whether you represent these departments.

Please also confirm whether you represent the Oklahoma Geological Survey and Oklahoma Biological Survey.

We are anxious to keep the agency document production moving.

Thank you.

Thresa,

I will get back to you on dates and I understand from your email that you wish to go back to ODAFF next. As for the other agencies, (who we represent) I will let you know this week.
